In the meantime Price River Valley and the city of Price are moving right up to the head of the procession.

Carbon county republicans have placed a ticket in the field that no one need be ashamed to vote as a whole.

The fellow who always tells you the bad things he hears about you and never mentions the good is not a very good friend after all.

As the vacation period draws to a close, the minds of the people revert again to more serious things than questions of recreation.

Utah motorists are to have their state convention at Zion the 13th of September. Not only an unlucky date, but just about time for early frosts.

Time works some strange changes. Gen. Louis Botha, the one time Boer commander and who was such a redoubtable foe of the British, has now a commission as general in the British army.

The abolition of the pension agencies of the country, all business now being transacted directly with the pension bureau in Washington, will save a large sum annually to the federal government. Incidentally it will mean that quite a number of pension officials throughout the country will have to seek other avenues of employment.

Another advance in the price of silver has been recorded during the past ten days, when the metal went to another record figure for the last four years. The price on Monday of last week at New York was 64 1/2 cents as a result of the upward movement in London, where the quotations are made. This is the highest point since the winter of 1907-08. While specific causes might be mentioned, such as those which have often been referred to, the conditions in China and India, the cause is really worldwide. All the metals have felt the benefits of the renewed business movement and the rapid changes in the world's affairs, and it would be surprising if silver did not share in the increase. Excellent reasons exist for the revival in mining that is now on foot.

ANNOUNCEMENTS.

The Advocate is authorized to announce Hon. Albert H. Harmon, present incumbent, a candidate for reelection to the office of attorney general of Utah, subject to the action of the republican state convention.

THE SECOND-FOOT OF WATER MEASUREMENT.

"Second-foot," as defined by the United States geological survey, is an abbreviation for cubic foot per second and is the unit for the rate of discharge of water flowing in a stream one foot wide, one foot deep, at a rate of one foot per second. It is generally used as a fundamental unit in measurements of stream flow.

"Second-feet per square mile" is the average number of cubic feet of water flowing per second from each square mile of area drained, on the assumption that the runoff is distributed uniformly both as regards time and area.

An "acre-foot" is equivalent to 43,560 cubic feet and is the quantity required to cover an acre to the depth of one foot. The term is commonly used in connection with storage for irrigation work.

One second-foot flow equals 7.48 United States gallons a second, 438.8 gallons a minute, or 646,317 gallons a day. As a California "miner's inch" equals 0.187 gallon a second, there are forty California miner's inches in one second-foot.

Baby carriage retired at Goodman's repair shop.

REFUGEES PREPARE TO RETURN TO CHIHUAHUA

According to a letter from Apostle A. W. Ivins, who is in El Paso, Tex., Mormon refugees from the state of Chihuahua are preparing to return to their homes in Mexico. Committees were appointed to investigate the state of affairs in that district, and after an inspection these committees reported things favorable for a peaceful return.

The colonists in the state of Sonora, however, are at the present time moving toward the United States in order to escape from rebel troops. They are moving not only their personal property, but also their live stock.

Give Sumner a chance to bid on your second-hand articles.

ZIONITE "COUGH UP" AND HIS LIFE IS SAVED

OAKLAND, Cal., Aug. 26.—Supposedly dying of tuberculosis, F. F. Baldes, a business man of Salt Lake City, has coughed up a tooth and is now on the high road to recovery. Baldes had his teeth removed several months ago, taking an anaesthetic, and soon afterward developed a bad cough. Physicians advised him that he had tuberculosis and must seek another climate. He brought his family here but grew worse and was supposed to be practically on his deathbed when he ejected the tooth.

HE WON'T LIMP NOW.

No more limping for Tom Moore of Cochran, Ga. "I had a bad sore on my instep that nothing seemed to help till I used Bucklen's Arnica Salve," he writes, "but this wonderful healer soon cured me." Measles, old, running sores, ulcers, boils, burns, cuts, bruises, eczema or piles. Try it. Only 25 cents at all dealers.

Soft pillows, dresser scarfs and towels for embroidering at Miss Kennedy's.

See Sumner before disposing of your household goods. Next to Balingor's.

New hats arriving daily at Miss Kennedy's at all prices.

Guns repaired at Goodman's repair shop.

CALL FOR CONVENTION OF THE PROGRESSIVE PARTY OF CARBON COUNTY, UTAH

PRICE, Utah, Aug. 29, 1912.—A convention of the progressive party of Carbon county, Utah, is hereby called to meet at the county court house at Price in said county, at 3 o'clock, p. m., September 10, 1912, for the purpose of nominating one representative to the state legislature and all county officers.

To elect seven delegates to attend the state convention to be held at Salt Lake City, September 12th.

To elect a county chairman and a county committee of said party, and to transact such other business as may properly come before the convention.

The apportionment of delegates to the several precincts in said county shall be as follows:

- Winter Quarters 1
- Scotfield 1
- Castle Gate 1
- Helper 2
- Kentworth 1
- Price 2
- Wellington 2
- Sunnyside 2
- Clear Creek 1
- Harper 1
- Carbonville 1
- Spring Glen 1
- Huwatha 1

The chairman of each precinct is hereby directed to call primaries in each voting precinct to elect delegates to attend said county convention. Said primaries should be held on or prior to Saturday, September 7th, and it is requested that each precinct chairman mail to the county chairman, C. H. STEVENSON, of Price, Utah, a list of the delegates elected immediately after the primary elections.

C. H. STEVENSON,
Chairman of the County Committee of the Progressive Party.

CALL FOR PRIMARY CONVENTION OF THE PROGRESSIVE PARTY OF PRICE PRECINCT.

A meeting of the members of the progressive party of Price precinct, Carbon county, Utah, will be held at the county court house, Price, Utah, September 7th, at 8 o'clock, p. m., for the purpose of nominating precinct officers and electing two delegates to the county convention of said county, to be held at Price, Utah, September 10, 1912.

C. H. STEVENSON,
Chairman.
